STOP GATE

Our stop gates are made of high-quality stainless steel, making them ideal for permanent isolation. We make these to measure. Our stop gates seal on 3 sides in both flow directions, which actually exceeds what the standard prescribes. Stop gates are provided without actuators and require hoisting gear for on-site operation.

CHARACTERISTICS STOP GATE

Stop gate

Design

1000 – 5000 mm

Width

0.15 – 4 m

Head of water

APPLICATION AREAS

Infrastructure
e.g. Waste water, Rainwater, Industrial water, Mixed water ...

Waste water treatment plants
e.g. Waste water, Raw water ...

Water treatment
e.g. Seawater ...
